

# Our practice boundary is changing

Most of our patients live in SR1, SR2, SR3 and SR4, with a smaller number in SR5-SR7 and other areas.

We are changing our practice boundary to include SR1-SR4 only.

This will help us to provide healthcare to our patients more efficiently.

Most patients do not need to take any action.

A very small number of patients will be asked to register with a new GP practice.

We have written to everyone who may be affected by this change.
